

# Sci Fi

## ***The Adoration of Jenna Fox***

Mary Pearson

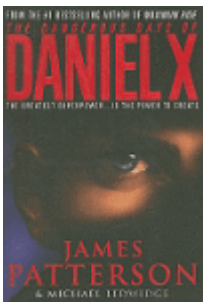

How far are we willing to go to save the ones we love? Jenna must come to terms with the answer to this question, after miraculously recovering from a car crash.

## ***Checkmate***

Malorie Blackman

Rose lives in a world where the Crosses rule and the Noughts are considered inferior. Having one parent from each side has forever marked Rose, leading her to search for answers to who she really is in this final book of a three part series.

## ***The Dangerous Days of Daniel X***

James Patterson

Daniel has the power to create things and people just by thinking about them. As an alien hunter, on a mission to avenge his parent's murders, Daniel must use his ability to survive.

## ***The Dead and the Gone***

Susan Beth Pfeffer

An asteroid hits the Moon, sending the entire world into chaos. Alex Morales understands this better than most, as he defends his two younger sisters from the rising tide of insanity in New York City.

### ***Dragonhaven***

Robin. McKinley

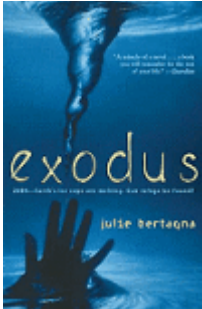

Living in a world where dragons exist on the brink of extinction, Jake Mendoza works to save and protect a baby dragon he discovers.

### ***Epic***

Conor Kostick

In Erik's world, everything is decided by the fantasy game called Epic. Things begin to change, when Erik decides to stop playing by the rules.

### ***Exodus***

Julie Bertagna

In a future Earth, almost completely underwater, Mina leads her people in a search for a new life.

### ***Extras***

Scott Westerfeld

Aya goes largely unnoticed in a world of modified people, until one day, when she stumbles upon a secret society. Their secret could be her ticket to fame, or push her dangerously over her head.

### ***Fight Game***

Kate Wild

After infiltrating a fight ring, Freedom Smith begins to uncover a plot involving mutant gene experimentation gone wrong.

### ***Firestorm***

David Klass

Jack led an ordinary life, until he learns he is from the future and is the only one who can stop the Earth from being destroyed.

### ***Flight***

Sherman. Alexie

A young man is stopped from shooting up a bank when he is forced back through time, reliving history through variety of Native Americans perspectives.

### ***Halo***

Eric S. Nylund

Continuing the series based off the popular Xbox game, this novel finds the soldiers fighting for their lives on the planet of Onyx.

### ***The Host***

Stephenie Meyer

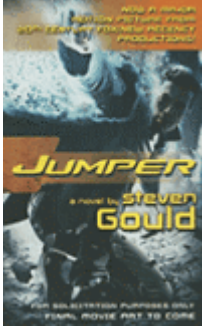

This novel is a new take on the classic love triangle, as an invading alien for the first time is unable to completely takeover the body of her new host.

### ***The Hunger Games***

Suzanne Collins

In a future United States, where 24 teens are selected each year to battle to the death, Katniss has been selected to be the next tribute. She does not plan on losing, no matter what the cost.

### ***Jumper***

Steven Gould

Desperate to escape his drunken father, Davy inadvertently learns of his ability to teleport anywhere he wishes to go.

### ***The Knife of Never Letting Go***

Patrick Ness

Todd Hewitt can hear thoughts, and so can everyone else, in his male only town. It is that much more shocking when he learns his community had kept a huge secret from him all this time.

### ***Mergers***

Steven Layne

Four teens, hidden from society because they are not a blend of races, must travel back in time to stop the forced merger of all ethnic backgrounds.

### ***The Silver Ship and the Sea***

Brenda Cooper

Orphaned by war, a teenage band of genetically altered humans search for answers to what they will become.

### ***Storm Thief***

Chris Wooding

Moa and Rail are two thieves, living in a place where freakish probability storms rain terror on its people, turning people into stone and destroying homes. With threats arriving daily, Moa and Rail fight to survive.

***Unwind***

Neal Shusterman

In a world where teens are taken apart and harvested for their organs, three unwanted teens runaway to survive until they are old enough to be safe.
